

## Announcement of Corporate Logo Change

Fujipla has changed its corporate logo. The former logo was used for more than 25 years. The new logo now bears the meaning that not only will Fujipla continue to pursue good quality and consumer-oriented products, but it will also consider our precious environment and contribute to our society.

Fujipla's all the determinations are packed in the new logo.

Fujipla's name is originated from Mount Fuji. The logo's two carved lines form a metaphor of this mountain and the flowing river that nurtures resources and people.

The two carved lines also indicate the two sheets of lamination film just being laminated.
